

A collection of stunning doorsets  
designed to complement the  
authentic styling of the home

*Suffolk*  
DOOR COLLECTION

Our Suffolk Door Collection features a selection of designs that emulate the features of period properties from the 1700 - 1900s.

This timeless collection of doors replicate the true timber door used in properties from five historical eras throughout this 300 year period. We have taken our inspiration from the Georgian, Victorian and Edwardian architectural styles, as well as being influenced by door designs found on properties with an Art Deco appearance and common home styles from the 1930s.

These uPVC doors rival any traditionally designed composite door and are perfect replacements for the wooden doors found on older properties.

- PVCu doors bespoke to the original property type
- Choice of knockers, finger pulls and centre knobs complete the traditional look
- Variety of glass designs
- Fitted with Sigma 3d adjustable hybrid hinges
- 3\* high security, Sold Secure Diamond cylinder
- Optional slam shut door locks for authenticity
- Colours available (includes matching frame):  
White Ash, Clotted Cream, Irish Oak, Golden Oak, Mahogany, Rosewood, Schwarzbraun, Anthracite Grey, Slate Grey (grained), Pearl Grey, Elephant Grey, Ruby Red, Steel Blue, Racing Green, Chartwell Green.

### the **LAVENHAM**

*(design influences by properties built 1720-1820)*

**THE GEORGIAN** door is a grand, panelled door found on properties built between 1720 and 1820. A classic style influenced by Roman architecture and consisting of six panels, these doors would be typically found sat between two columns with a decorative fanlight above.

### the **VICTORIAN**

*(design influences by properties built 1830-1901)*

**THE VICTORIAN** door is a perfect replacement for the mock gothic styling of doors from the 1830-1901 era. The elaborate coloured designs and the positioning of the glass units in these doors help to create the ornate glass effect found on a typical Victorian property.

## the **SUDBURY**

*(design influences by properties built 1901-1918)*

**THE EDWARDIAN** door is a replica design from properties built in 1901-1918. Not quite as lavish as the Victorian, this panelled door is finished with a lead window design to accentuate the appearance of this period of house.

## the **ART DECO**

*(design influences by properties built 1925-1939)*

**THE ART DECO** door from this collection is designed to replicate the streamlined appearance of doors found on properties built between 1925 and 1939. A simple, modern effect of parallel straight lines created this stunning door and would definitely not look out of place on a house built with an Art Deco edge.

## the **IXWORTH / IXWORTH 2**

*(design influences by properties built in the 1930s)*

**THE 1930S** door is based on the half timber and mixed red brick/pebbledash design of properties built in the 1930s. Typically an oak door with iron fittings, we have designed and produced this door with both 20mm and 50mm astragal bar that would be the perfect replacement for homes built in this period.

When designing these doors, many hours were spent researching each era of building styles. Once the designs were decided the fabrication process was put in place to combine mechanical joints, welding plus the use of astragal bars to create the overall effect.

With many authentic features required to replicate a true timber door, it was down to the ironmongers for inspiration, settling on traditional styled handles, knockers and door knobs. The introduction of a slam shut lock also provides the option to not have a handle on the external face. This all culminates into a collection of doors that will confidently grace the front of any period building.

What stands between your family and an intruder?  
**Your Door**

An alarm tells you when someone is in your home.  
Your **Ultion door lock** stops them getting in!

## HIGH SECURITY LOCKS

Our Suffolk Doors are fitted with the highest security cylinder available on the market as standard. Securing your doors with the Ultion 3\* kite marked, Sold Secure Diamond lock defends your home from all known attack methods and for that extra peace of mind also comes with a £1,000 Guarantee.

## ULTION

76% of intruders go through the door  
↓  
31% get through the door by forcing the lock  
9/10 forced locks are snapped

Coloured and bevelled glass designs can offer a traditional appearance, whilst more simplistic etched glass designs give a contemporary look.

The dimensions of these glass patterns can be adapted to suit the style of your chosen door with half, dual and full height glazed panels.

You may wish to personalise your home further by having your house number etched or bevelled within the design.
